

Durango

CERDOMUS ceramiche style

Durango è una creazione ispirata alla pietra e al fascino delle sue trame. Una materia che ha in sé l'autentica atmosfera di un ambiente naturale incantevole e prezioso. Colori intensi e profondi che si incontrano in una linea di pavimenti e rivestimenti coordinati dal particolare bordo irregolare, per rendere più uniche e pregiate le finiture delle superfici.

Durango is a tile product inspired by natural stone, with its alluring natural texture. This new product imbues any interior with the authentic, naturally enchanting atmosphere of luxurious natural materials. Deep, intense colors conspire to create a line of coordinated floor and wall tiles, featuring special irregular edges that render the surface treatments even more unique luxurious.
